

# Building Your Plan Together

The purpose of this tool is to help you plan your activities collaboratively in order to work toward your common goal.

## Common Goal:

Begin by writing your initiating activity. Then choose different follow-up activities that can:

- build upon previous learning
- introduce new concepts
- assess impact on students
- reinvest student learning
- check for understanding
- reinforce the understanding of a difficult concept

### As you plan together, consider the following questions:

- Are the planned activities helping you work toward your common goal?
- What tools or methods will you use to gather information about your common goal?
- How will you keep each other informed as your collaboration moves forward?

3- Follow-up activity:
